Our Group Clients

Testimonials

"We choose CareersinAudit.com because in our eyes it's the only Audit job site worth investing in. We have many years' experience recruiting Audit professionals and it's the 'go to' site for the best Audit and Risk candidates. Stephanie and Simon are a joy to work with and they treat every client like it's their only client. I would absolutely recommend CareersinAudit.com, for the above reasons primarily. Financially it makes complete sense but also the relationship is rewarding and just as important too."

Andrew Bell, Director – Hanami International

"I've been using CareersinAudit.com for the past 2 years and I am extremely happy with the applications we have received so far. We have been successful in hiring across multiple countries and at different seniority levels."

Julie Mitchell, Senior Talent Acquisition Specialist – Philip Morris International

"We have been using CareersinAudit.com for over 4 years and have found the service impeccable. Our account manager is very professional and always on hand to assist with queries for any issues we have had. We cannot recommend CareersinAudit.com enough; they have been an invaluable source for candidates."

Lisa Keddie, Group Administration Manager – Change Recruitment Group

"CareersinCompliance is the only platform I will use in the future for compliance roles – we used two others, and one of them we had to turn off due to quality, and the other was mixed in its results. We ended up placing a candidate as a Head of Compliance, who called me off the back of the advert with your platform. We do not get these jobs that often but will come back to you as and when we do."
